

ADVENTURE ACADEMY

SUMMER CAMP 2024

Discovery through Exploration and Education

Join us on our next adventure with fun summer learning, play, and exploration at Stepping Stones Academy! Our weekly sessions will dive into exciting topics and themes, while preparing our students for their upcoming school year. Our camp will focus on our 4 core subjects: Reading/Writing, Math, Art/STEM, and Outdoor Exploration.

Reading/Writing

Our classes will provide opportunities to explore new ideas, learn about cultures, and discover new interests. Lessons will emphasize vocabulary, comprehension, and critical thinking skills.

Mathematics

Our focus on math throughout the summer will help students retain the knowledge and skills they learned during the school year. Lessons will focus on developing problem-solving and critical thinking skills.

STEM/Art

For our STEM/Art core subject, our campers will engage in hands-on learning through a variety of materials and engineering/technology concepts. Materials include: Clay, Paint, Ink, Plaster, Recycled/Natural, etc.

Outdoor Exploration

With our spacious campus and outdoor spaces, campers will participate in daily outdoor activities and challenges. Let's move our bodies with groovy music, water play, relay races, and teamwork activities!

Grades: 1st - 6th Dates: June 3 - Aug 9
